If you feel there is some way your instructor has been especially effective...
Rajat has been the best TA I have had so far throughout the times I have spent in a lab.
He was personable and worked well with the students. I enjoyed the way he ran the labs the best out of all my lab TAs that I have had so far.
Rajat Maji answered students' questions with patience and treated his students with respect. He was very encouraging and helpful.
HE WAS THE BEST.
Rajat was incredibly helpful in answering my questions and helping me to actually understand what was going on in lab. Previous lab TAs have been very unhelpful. I would recommend Rajat to anyone.
